

FROM RAINHILL TO LIVERPOOL

**RAINHILL STUDENT DANIEL
STEPHENSON IS NOW STUDYING
LAW AT LIVERPOOL UNIVERSITY**

We spoke to Daniel before he left for University about his time at Rainhill and his plans for the future...

How did you feel on your first day as a Year 7 pupil?
I was really excited to be starting Rainhill High School in Year 7.

What clubs and activities did you do whilst at school or Sixth Form?
I have been involved in the football team. I have really enjoyed playing for them and it has helped to develop my skills outside of football too, like my team work and time management.

Why did you choose to study at Rainhill Sixth Form?
I was used to the surroundings at Rainhill as I was here from Year 7 and I enjoyed being here so I thought I would stay for another 2 years.

What was the highlight of your time at Rainhill Sixth Form?
Getting my AS grades! They were really good and I was really pleased with them. It spurred me on to study harder at A-level and apply to a good university.

What advice would you give to Rainhill students?
Be independent – Make sure you take care of yourself and your own study as this will set you up for your university studies.

Who were your favourite members of staff and why?
Miss Caton was my favourite teacher and Miss Marshall was a very good teacher too as I understood things she explained.

Why did you choose your chosen University/Apprenticeship/Employment progression route?
I felt it was the best way forward in my life. I need a degree in law to go on and do my career and choosing a Russell group University gives me a good reputation behind me too. Liverpool was very friendly and welcoming too.

How did you feel when you knew you had got confirmation of your above choice?
Relieved and happy that it was the next step in my life.

How did your friends and family react when they found out you got in?
Happy for me, they know what I want to achieve and this is the next step forward.

What are you most looking forward to at University or within your related progression route?
Meeting new people and being a step further towards my goal.

What are your long term career plans?
I ultimately want to own my own law firm and studying at Liverpool will enable me to do this.
