

FROM RAINHILL TO A FOUNDATION DEGREE

**RAINHILL STUDENT EVE STEADMAN IS NOW
STUDYING A FOUNDATION DEGREE IN ART.**

We spoke to Eve before she left for University about her time at Rainhill and her plans for the future...

How did you feel on your first day as a Year 7 pupil?
I felt nervous to be coming to a big secondary school but also excited to be starting somewhere new.

What clubs were you involved in at Rainhill?
I have been involved in lots of clubs and extra curricular activities, for example kickboxing, karate, netball and badminton.

Why did you choose to study at Rainhill Sixth Form?
It was close to home and I loved the Art Department – this was a highlight for me in Sixth form, I could stay late and get lots of help with my art.

Who were your favourite members of staff and why?
All of the Art Department – they are super helpful and supportive in all that you want to do and achieve.

What was the highlight of your time at Sixth Form?
The Art Department – the teachers were great and I could stay up there and work in my free time.

What advice would you give to Rainhill students?
Start revising straight away – it is hard work but get into a routine early on, plan when and what you are going to revise and start in week 1.

Why did you choose your course and higher education establishment?
It is a good basis to have if you do an art degree, that is why I am studying the foundation course. I hope it will give me the foundations for a degree.

How did you feel when you knew you had got confirmation of your above choice?
Really happy as this is where I want to be and what I want to do.

How did your friends and family react when they found out you got in?
They were really pleased for me.

What are you most looking forward to at University or within your related progression route?
Really specialising in my subject and developing my skills further ready for my degree.

What are your long term career plans?
I would love to work in the film industry in their art department! This is what I am aiming to do in the future.
